CONTENTS OF HEREDITAS, VOLUME 127:1–3 (1997)

Introduction by Ulf B. Gyllensten.

149 Abstracts of papers presented at the Fifth International Workshop on MHC Evolution, May 22–26, 1997, Visby, Sweden.

265 Abstracts of papers presented at the VIII International Balbiani Ring Workshop, August 30–September 3, 1997, Falsterbo, Sweden.

1 Bergström, T.F., Josefsson, A., Mack, S., Erlich, H.A. and Gyllensten, U.B.
Analysis of intron sequences at the class II HLA-DRB1 locus: Implications of the age of allelic diversity.

7 Blasczyk, R., Kotsch, K. and Wehling, J.
The nature of polymorphism of the HLA class I non-coding regions and their contribution to the diversification of HLA.

11 Böhme, J. and Högstrand, K.
Timing and effects of template number for gene conversion of major histocompatibility complex genes in the mouse.

231 Di Berardino, D., Ramunno, L., Jovino, V., Pacelli, C., Lioi, M.B., Scarfi, M.R. and Burguete, I.
Spontaneous rate of sister chromatid exchanges (SCEs) in mitotic chromosomes of sheep (*Ovis aries* L.) and comparison with cattle (*Bos taurus* L.), goat (*Capra hircus* L.) and river buffalo (*Bubalus bubalis* L.).

19 Erlich, H.A., Mack, S.J., Bergström, T. and Gyllensten, U.B.
HLA Class II alleles in Amerindian populations: Implications for the evolution of HLA polymorphism and the colonization of the Americas.

25 Fagan, M.B. and Weissman, I.L.
HSP70 genes and historecognition in *Botryllus schlosseri*: implications for MHC evolution.

37 Gaudieri, S., Giles, K.M., Kulski, J.K. and Dawkins, R.L.
Duplication and polymorphism in the MHC: Alu generated diversity and polymorphism within the *PERB11* gene family.

47 Gongora, R.
Presence of solitary exon 1 sequences in the *HLA-DR* region.

51 Hedrick, P.W. and Black, F.L.
Random mating and selection in families against homozygotes for HLA in South Amerindians.

175 Kamnert, I., López, C.C., Rosén, M. and Edström, J.-E.
Telomeres terminating with long complex tandem repeats.

59 Kasahara, M.
New insights into the genomic organization and origin of the major histocompatibility complex: Role of chromosomal (genome) duplication in the emergence of the adaptive immune system.

67 Kaufman, J. and Salomonsen, J.
The "Minimal Essential MHC" revisited: Both peptide-binding and cell surface expression level of MHC molecules are polymorphisms selected by pathogens in chickens.

193 Linde-Laursen, I. and Bothmer, R. von
Effect of rye A and B chromosomes on meiotic association of *Hordeum marinum* ssp. *gussoneanum* (4*x*) chromosomes in intergeneric hybrids.

75 Meagher, S. and Potts, W.K.
A microsatellite-based MHC genotyping system for house mice (*Mus domesticus*).

83 Miller, K.M. and Withler, R.E.
Mhc diversity in Pacific salmon: Population structure and trans-species allelism.

249 Mizoguchi, S.M.H.N. and Martins-Santos, I.C.
Macro- and microchromosomes B in females of *Astyanax scabripinnis* (Pisces, Characidae).

239 Mjølnerød, I.B., Refseth, U.H., Karlsen, E., Balstad, T., Jakobsen, K.S. and Hindar, K.
Genetic differences between two wild and one farmed population of Atlantic salmon (*Salmo salar*) revealed by three classes of genetic markers.

181 Møller, M.G., Petersen, B.L., Kannangara, C.G., Stummann, B.M. and Henningsen, K.W.
Chlorophyll biosynthetic enzymes and plastid membrane structures in mutants of barley (*Hordeum vulgare* L.).

97 Ohta, T.
Role of gene conversion in generating polymorphisms at major histocompatibility complex loci.

255 Pellegrino, K.C.M., Kasahara, S., Rodrigues, M.T. and Yonenaga-Yassuda, Y.
Pericentric inversion events in karyotypic distinction of Brazilian lizards of genus *Phyllopezus* (Squamata, Gekkonidae) detected by chromosomal banding patterns.

203 Qui, W.-G., Bosler, E.M., Campbell, J.R., Ugine, G.D., Wang, I.-N., Luft, B.J. and Dykhuizen, D.E.
A population genetic study of *Borrelia burgdorferi* sensu stricto from Eastern Long Island, New York, suggested frequency-dependent selection, gene flow and host adaptation.

263 Qiu, Y., Helou, K., Asp, E. and Levan, G.
Regional mapping of the *Mlvi2* locus to rat chromosome 2q16 by FISH.

217 Silva, M.J. de J. and Yonenaga-Yassuda, Y.
New karyotypes of two released species of *Oligoryzomys* genus (Cricetidae, Rodentia) involving centric fusion with loss of NORs and distribution of telomeric $(TTAGGG)_n$ sequences.

105 Satta, Y.
Effects of intra-locus recombination on *HLA* polymorphism.

113 Svensson, A.-C. and Andersson, G.
Presence of retroelements reveal the evolutionary history of the human *DR* haplotypes.

125 Vidović, D., Boulanger, N., Guenot, J. and Nagy, Z.A.
T cell repertoire: Genomic or somatic bias toward recognition of major histocompatibility complex molecules?

133 von Schantz, T., Wittzell, H., Göransson, G. and Grahn, M.
Mate choice, male condition-dependent ornamentation and MHC in the pheasant.

141 Yoshino, M., Xiao, H., Jones, E.P., Kumánovics, A., Amadou, C. and Fisher Lindahl, K.
Genomic evolution of the distal *Mhc* class I region on mouse Chr 17.
